

ACTIMIXT TRADITION - WIDTH 3.00 M TO 4.50 M

OPTIONAL HYDRAULIC REAR LIFT

Designation	Number of teeth	Extensions	Tooth spacing*	Working/transport width	Weight
Actimixt TF304	4	-	75	300 / 300	870
Actimixt TF306	6	-	50	300 / 300	990
Actimixt TF356	6	-	58.5	350 / 350	1 020
Actimixt TF358	8	-	43	350 / 350	1 140
Actimixt TF ou TR406+	6	2 fixed or foldable	50	400 / 400	1 230
Actimixt TF ou TR454+	4	2 fixed or foldable	75	450 / 326	1 100
Actimixt TF ou TR456+	6	2 fixed or foldable	55.5	450 / 326	1 230

ACTIMIXT TELESCOPIC - WIDTH 4.50 M TO 5.00 M

OPTIONAL HYDRAULIC REAR LIFT

Designation	Number of teeth	Extensions	Tooth spacing*	Working/transport width	Weight
Actimixt TT456	4	2 télescopic	75	450 / 350	1 160
Actimixt TT458	6	2 télescopic	56.3	450 / 340	1 300
Actimixt TT508	4	4 télescopic	62.5	450 / 333	1 350

ACTIMIXT EVOLUTION - WIDTH 4.00 M TO 6.00 M

OPTIONAL HYDRAULIC REAR LIFT

Designation	Number of teeth	Extensions	Tooth spacing*	Working/transport width	Weight
Actimixt TE406	6		61-67	400 / 300	1 585
Actimixt TE456	6	-	75	450 / 300	1 585
Actimixt TE408	8		50	400 / 300	1 728
Actimixt TE458	8	-	56.2	450 / 300	1 728
Actimixt TE506+	6	2	62.5	500 / 300	1 938
Actimixt TE508+	8	2	50	500 / 300	2 082
Actimixt TE606+	6	2	75	600 / 300	2 000
Actimixt TE608+	8	2	60	600 / 300	2 143
Actimixt TE608++	8	4	50	600 / 300	2 286

ACTISOL FINE AND FLUID TEETH

HYDRAULIC OR PENDULUM REAR LIFT

FIXED, MECHANICAL FOLDING OR HYDRAULIC TELESCOPIC EXTENSIONS

Take back control of your soil capital > Actisolit!

Actisol

ACTIMIXT » Combined, versatile solutions

IN A SINGLE PASS ON TILLED SOIL, PREPARES A FLAT SEEDBED FOR PLANTING.

PRODUCT DESCRIPTION

- › WORKING WIDTH: 3 m to 5 m
- › ACTISOL TEETH: 4, 6, or 8
- › FRAME: Twin-beam 100 x 100
- › TOOTH CROSS-SECTION: 35 x 70
- › CLEARANCE UNDER TOOTH: 75 cm

OPTIONS:

- › Actimixt front adapter kit
- › Opener discs
- › Shaft L 850
- › PTO relay
- › Central bracket
- › Furrow wheels

TECHNICAL FOCUS

EXTENSIONS

- 1 Folding extensions: Folding extensions allow a modular configuration of the tool to adapt to available tractor power.
- 2 Non-folding extensions
- 3 Telescopic hydraulic extensions

INDEPENDENT
DOUBLE SPRING
SAFETY

SHAFT

PTO RELAY

LIFT

Depth is managed by pins over the adjustment range.

- 4 Rear hydraulic lift
- 5 Mechanical lift

FURROW
WHEELS

OPENER
DISCS

ACTISOL, YOUR SOIL CAPITAL PARTNER

Actisol supports you in all your soil preparation work in order to enhance 'soil capital' and promote biodiversity.

- › Crack without destroying soil structure while maintaining bearing
- › Create the conditions for deep root growth without disturbing soil horizons
- › Improve soil capacity to drain and deliver water to crops
- › Stop soil erosion while respecting biological activity
- › Aerate the soil to stimulate bacterial activity

FISSOL PARTS

Various wear parts can be attached to the teeth to adapt to individual requirements with very limited maintenance.

Square bar

Cutting edge

Protective nose

Claw shoe (opt)

Cracking shoe

In high-wear conditions, Fissol is available in carbide
